

770AT ARC TRAINER

TOTAL BODY CROSS TRAINER

Crossový treňačér Arc Trainer s patentovaným Arc designem nabízí jedinečnou variabilitu. Na jednom stroji můžete volit programy na zpevnění svalstva, silový trénink nebo spalování tuku. Výšku zátěže můžete nastavit v rozsahu od 20 – 900 Wattů, širokou nabídkou různých stoupaní Cybex 770AT Arc Trainer® zastane tři stroje v jednom. Cvičení kombinuje prvky běhu na běžkách, chůze a stoupaní. Výzkumy ukazují, že se tréninkem na Cybex Arc Trainer spálí více kalorií než na ostatních crossových treňačérech nebo eliptických strojích. Výsledky se dostávají velice rychle.

USER FRIENDLY TECHNOLOGY

The optional high definition E3 View embedded widescreen monitor provides three distinct viewing modes that deliver the precise content that you want on a 15.6" screen – or, the option of the innovative Muscle Map™ display gives users the power to visually target individual muscle groups and take full advantage of the near limitless settings. With the CardioTouch™ touch screen display users can easily set up a workout, charge an iPod® or iPhone®, scroll through songs and more.

Specifications

Made for
iPod iPhone

Product Number	770AT (Standard)
Resistance Range	Up to 900 Watts
Incline Levels	21
Stride Length	24" (61 cm)
Dimensions (L x W x H)	77" x 36.7" x 62.5" (196 cm x 93 cm x 159 cm)
Display	4.3" touchscreen for workout and entertainment setup and control; Graphic display of profile via 8 x 15 LED; Numeric display of time distance, calories, calories/hour, METs, watts, strides/minute and heart rate including multi-color indication of heart rate range; Lower display shows incline and resistance level
Programs	Quick Start, three Weight Loss, two Cardio, two Shaping, three Strength, as well as Adaptive Power, Constant Power, and Heart Rate Control
Heart Rate Monitoring	Contact and Polar® Wireless
Connectivity	Made for iPod, Works with iPhone
Max User Weight	400 lbs (181 kg)
Power	Self powered, AC adapted version also available
Compliance	ETL listed to UL 1647, FCC Class B, ASTM, EN 957, CE Low Voltage Directive, EMC and ROHS

2 E3 View
Optional Display

770AT ARC TRAINER / MUSCLE MAP

TOTAL BODY CROSS TRAINER

A commercial high end cross trainer with the patented Arc design that gives fast fitness results. Train for strength, power and weight loss on one machine. The Cybex 770AT Arc Trainer® offers broad incline and resistance ranges to do the work of 3 machines in one. At the lower incline levels the “glide” is a cross country skier. In the mid-range levels the motion is a “stride” (like an elliptical except with proper positioning). At the high levels it’s the “climb” of a stepper or climber.

BETTER RESULTS IN LESS TIME

Research shows that the Cybex Arc Trainer burns more calories than any other cross trainer or elliptical tested. The science behind the big calorie burn is the Arc motion. On the Arc Trainer, the legs travel in a biomechanically correct path of motion – resulting in more activation of the targeted muscles and more calorie burn without putting strain on the joints.

USER FRIENDLY TECHNOLOGY: MUSCLE MAP

The innovative Muscle Map™ display gives users the power to visually target individual muscle groups and take full advantage of the near limitless settings offered by the Arc Trainer. Using an algorithm derived from EMG data that looks at resistance, incline, and stride rate, the colors transition from yellow (low intensity) to orange to red to flashing red (high intensity). With the CardioTouch™ touch screen display users can easily set up a workout, charge an iPod® or iPhone®, scroll through songs and more.
