

Features & Specifications

FRAME MATERIALS:

Main frame – 2x3” 11-gauge oval tubular steel with a combination of 2x2” round tubing.

WELDS:

All welded construction by inert-gas MIG welding conforming with all Structural Welding Code-Steel Standards and Specifications.

FINISH:

Eight-step electrostatically applied powder coat finish.

FRAME COLORS:

Main frame: Platinum Sparkle
Accent: Cathedral Gray

UPHOLSTERY:

Premium grade naugahyde formulated to resist bacteria, stains, mildew and oil. Meets most flammability test requirements. Standard two-tone (Black/Cadet) and double-stitched with “hidden” borders.

Custom colors (one-tone) are available – please inquire with your sales representative.

PADDING:

High density 2” thick rebond urethane foam glued to 1” industrial plywood backing, trimmed and formed to exact fit.

ADJUSTMENT PINS:

1/2” push-pull spring loaded solid steel adjustment pins with ultimate

CABLES:

2200 lbs. test 3/16” military-spec nylon coated cable.

GUIDE RODS:

3/4” solid steel 1045 (tgp) highly polished chrome-plated finish.

BEARINGS:

1” solid steel pivot axles with non-friction 2” sealed bearings (load rating of 2400 lbs.) internally encased on primary pivots, and oil-impregnated bronze bushings on all secondary pivots.

PULLEYS:

4-1/2” and 3-1/2” fiberglass-impregnated nylon pulleys with a precision cable fit V-groove and double sealed roller bearings.

SELECTOR WEIGHT PINS:

Weight pins are solid steel, magnetic with ball-end to ensure a tight connection and secure fit. Coiled lanyard helps prevent pin removal and loss.

FASTENERS:

All frame bolts and nuts are 3/8” and 1/2” zinc plated. Meets ANSI specifications.

WEIGHT STACK:

Black painted solid steel weight plates with self aligning low friction sleeves.

Apollo 7000 Series

For over twenty-six years, the TuffStuff Apollo Series has been the standard against which all other multi-stack gym systems have been measured. The new Apollo 7000 Series offers more than just traditional multi-station gyms. The modular design offers versatility allowing your clients the luxury of customizing a multi-station configuration that best suits their need, or, the added benefit of creating single-station, stand alone modules. With features as legendary as its name and improved versatility, the new Apollo 7000 series is again raising the bar in the multi-stack gym category.

Ideal For . . .

- Hotels, Motels & Resorts
- Condos/Apartment Complexes
- Fire/Police Stations
- Schools and YMCA's
- Rehabilitation Centers
- Armed Services
- Home and Office
- Personal Trainer Studios

Apollo 71LE Leg Extension/Curl

- 6-position adjustable leg hold down accommodates various size users.
- Multi position back pad and biomechanical seat angle provide maximum ergonomic support.
- Custom cam design ensures proper strength curve through entire range of motion.
- Features high-density commercial padding and naugahyde two-tone double-stitched upholstery.
- 200 lbs. steel weight stack.

Requires the purchase of AP-70RP Rear Post.

Height: 76 in/193 cm

Exclusive Features:

Lever action control provides easy adjustment in the seated position.

Telescoping back pad adjustment.

NOTE:
Shown with optional AP-70RP Rear Post

Apollo Modular Gym Systems

Apollo 71LP Leg Press

- Custom convex footplate provides neutral ankle and knee alignment during exercise.
- Adjustable 6-position ergonomic seat and back pad for easy access and egress from exercise station.
- Heavy weight commercial seat carriage utilizes 2" polyurethane rollers for smooth and precise motion.
- Dual 2" diameter hard chrome seat rails ensure solid reliable performance.
- 200 lbs. steel weight stack with custom 2:1 ratio provides 400 lbs. of weight resistance.

Requires the purchase of AP-70RP Rear Post.

Height: 76 in/193 cm

Exclusive Features:

Commercial seat carriage provides ultra-smooth friction free movement on six 2-inch ball bearing rollers.

Convex press plate provides neutral ankle and knee alignment.

NOTE:
Optional AP-70RP Rear Post

Apollo 71MP Multi Press

- Unit can accommodate a variety of exercises from the combined multi press/row station, lat pulldown station, mid pulley and low pulley positions.
- 8-position adjustable press bar.
- Adjustable back pad for custom range of motion settings.
- 360° swivel, multi-directional low pulley station.
- Ratchet-style adjustable seat pad.
- 200 lbs. steel weight stack.

Requires the purchase of AP-70RP Rear Post.

Height: 84 in/213 cm

Exclusive Features:

8-position adjustable press bar provides access to chest, incline, shoulder presses and mid rows.

360° swivel low pulley station features commercial grade 2" roller bearings for smooth unrestricted cable movement.

NOTE:
Shown with optional AP-70RP Rear Post

Apollo Modular Gym Systems

Apollo 71HL High/Low

- Multi-purpose Hi/Low pulley station offers virtually unlimited cable exercise potential.
- Counter-balanced roller style pulley carriage offers single hand adjustability.
- Dual handle pulley carriage allows bilateral and unilateral exercises.
- Custom 1:1/4 cable ratio and ball bearing pulleys provide smooth function and unrestricted cable travel.
- 200 lbs. steel weight stack.

Requires the purchase of AP-70RP Rear Post.

Height: 84 in/213 cm

Exclusive Features:

Quick release counter-balanced pulley carriage offers safe and easy adjustments with dual rotating pulley handles.

Built-in front stabilizer functions as foot brace for low row exercise.

NOTE:
Shown with optional AP-70RP Rear Post

Apollo 7000 SERIES

Includes AP-70CP Center Post

Apollo 7400

- Modular versatility allows customization of station positioning.
- 11-gauge 2"x4" oval and 2" tubular steel frame.
- Durable electro-static powder coat finish in modern Platinum Sparkle and Cathedral Gray.
- Full-length steel weight shrouds and cover plates enhance aesthetics and user safety.
- Integrated exercise placards on weight shrouds provide station description and exercise instruction.
- Elevated frame and integrated rubber stabilizer feet enhance strength and stability.
- Four independent 200 lbs. steel weight stacks allow multiple simultaneous exercise participation.

Height: 84 in/213 cm

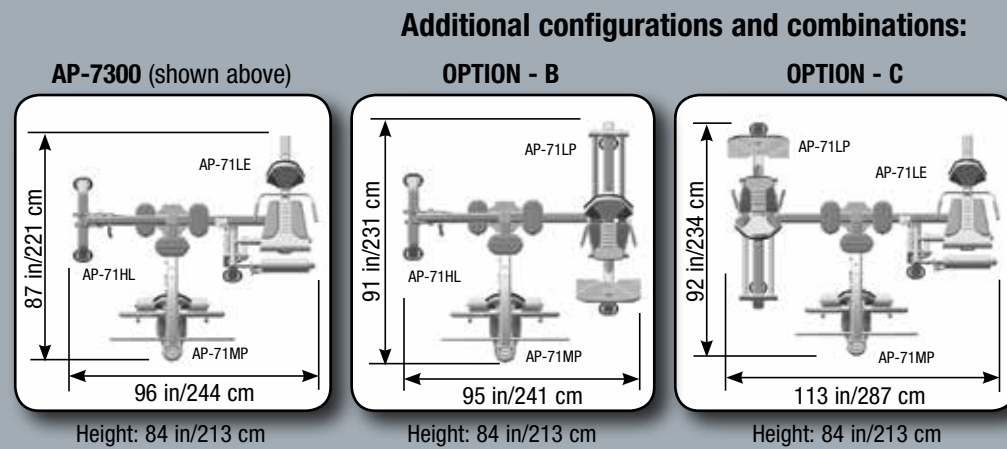

Includes AP-70CP Center Post

Includes AP-70CP Center Post

Apollo 7300

- Allows for multiple simultaneous users from three independent 200 lbs. steel weight stacks.
- Combination Multi Press/Row station features adjustable seat, back pad and press arm.
- 15-position Hi/Low Pulley station features counter balanced pulley carriage for single hand adjustments.
- Combination Leg Extension/Curl station features ergonomic seat angle, adjustable leg hold down and adjustable back support.
- (3) 200 lbs. steel weight stacks.
